

# A Better You at any Age!

Greska's Carbon-60

## Natural Health Solutions Carbon 60 in Water or Oil Suspension

**Greska's Carbon-60™** 45-day supply is a dietary supplement of food-grade Carbon 60 ("C60") and sunflower oil. It is odorless with minimal taste and is taken orally or applied to your skin.

**Greska's Topical Mist** contains the same bio-available C60 in a colloidal water-based suspension, not a dissolved solution. Mist on your skin, joints, and muscles to **"Mist Away Your Pain"** It also helps to reduce fine lines and wrinkles.

### — How Carbon 60 Works —

The root cause of many health issues are excessive free radicals and toxins. Free radicals are molecules that lack one or more electrons. Free radicals and toxins steal electrons from healthy molecules/cells, damaging them and disrupting cellular function. This domino effect is a cumulative process defined as oxidative stress, which is a cause of inflammation, fatigue, joint pain, lack of mental focus and premature aging.

Fortunately, Greska's Carbon-60™ provides a solution: C60 donates electrons to free radicals and toxins to stabilize them, halting oxidative stress and detoxifying your body at the cellular and mitochondrial levels. Greska's Carbon-60 acts like an antioxidant, reducing pain and inflammation. It benefits joint health, athletic performance, and healthy aging while providing more energy and mental clarity.

### — Benefits of Sunflower Oil —

Greska's Carbon-60 combines the power of Carbon 60 and sunflower oil to support a better you. Our cold-pressed/solvent-free oil contains all the good Omega 6, vitamins E, A, C & D, and fatty acids, which are powerful antioxidants, which help regenerate new skin cells. Vitamin E and oleic acid reduce wrinkles and fine lines for a youthful look. Sunflower oil also has anti-inflammatory properties, which can lower redness and roughness of the skin. Experience beautiful skin with Greska's Carbon-60! [1]

### — non-GMO, Organic —

Greska's Carbon-60™ is a **third-party tested, Food-Grade, Carbon 60** supplement. [1] We ensure quality and consistency by converting our Carbon 60 powder in-house and we Nano-Blend™ our C60 powder into non-GMO, cold-pressed, organic sunflower oil in our **Certified Good Manufacturing Practices** facility in Littleton, Colorado. We pack and ship all our orders from Littleton, Colorado. ([1] [www.C-60.com](http://www.C-60.com))

# Health Energy Vitality

## — How To Use Our Products —

**45-Day Supply:** Our C60 in oil supplement is taken orally, directly into the mouth, with or without food, mornings preferred. Give the rubber dropper two good squeezes, the first squeeze to clear the pipette, then a second squeeze to fill it to two-thirds full which is one daily serving.

**Topical Mist: C60 in Water**  
Spray on skin and allow to dry.  
(One to five sprays as needed)

Oil  
Serving  
Size

Pet Weight Chart		
0-15 lbs	1	squirt
15-35 lbs	2	squirts
35-60 lbs	3	squirts
60-100 lbs	4	squirts
+100 lbs	5	squirts

**Topical Roll-On:** Roll product on your skin.

**Greska's for Pets:** Squirt on food. See chart.

## — Why Greska's Carbon-60 —

Greska's Carbon-60 proprietary powder conversion process is the only one of its kind. This process produces clean 20 nanometer Carbon 60 spheres which are 200,000 times smaller than antioxidants found in red wine or berries. These ultra-small molecules create a colloidal suspension in oil and water. Greska's Carbon-60 is able to penetrate the skin to muscles, bones, and organs - this allows our Carbon 60 to work at the molecular level and address the root of many health-related issues.

Experience "**A Better You at any Age**" by using Greska's Carbon-60!

"We guarantee the quality of our Carbon 60 powder to the final product at your door step."

*Bob Greska*

There are no known, or reported, adverse interactions of Greska's Carbon-60 with any food, medications or supplements.

**Allergen Warning:** Our bulk oil is processed in a facility that produces peanut oil.
